Mobile Application

End Shift vs Logout for iOS

Overview

Upon selecting the End Shift option, users will be prompted with an End Shift screen.

Ending Shift

- 1. To end your shift in the PerfectServe Clinical Collaboration application, select **End Shift** from the main menu.
- 2. The PerfectServe Clinical Collaboration application will display a confirmation window.
- 3. Select **End Shift** to proceed or the 'back' arrow to cancel.
- Ending your shift will log you of the PerfectServe Clinical Collaboration application.
- You will not be alerted of any new notifications once you end your shift.
- You can review any messages sent directly to you during this time when you log back in.
- Ending your shift will remove you form any assumed roles, open groups, and any patient care teams to eliminate unnecessary messages.

Logout

- 1. To logout in the PerfectServe Clinical Collaboration application, select **End Shift** from the main menu.
- 2. Select the three-ellipses in the top right corner.
- 3. Select Logout to proceed or the 'back' arrow to cancel.
- Choosing <u>Logout</u> instead of End Shift may result in receiving message that are not intended for you.
