Downloading the Telmediq Mobile Application

- 1. Open the Play Store 📐 and search for Telmediq.
- 2. Download the application.
- 3. Once installation is complete, select OPEN.

Login to the Telmediq Mobile App

- Sign in using your Telmediq credentials or, if instructed to do so, your hospital-issued credentials.
 - If you are unsure what to enter, contact your Telmediq administrator or Support at 888-364-9305
 - If you are using hospital-issued credentials, contact your Hospital IT department for login assistance.
- 2. Create a PIN.
- 3. Re-enter your PIN to confirm.

All personal information will remain confidential and secure, neither shared nor sold. View our <u>privacy</u> <u>policy</u> at <u>www.telmediq.com</u>.

Complete Control At Each User's Fingertips

Messages

Read, reply, and create secure text and voice messages with attachments. Access current or archived messages with a swipe of the toggle.

Directory

Locate providers and staff, view schedules, and confirm who is on-call.

Dialer

Dial the phone number of the individual you wish to reach. Your facility's dispatch number will display instead of your personal number, so your privacy is protected.

Patients

View your patient(s) or all patients and care team assignments. Join/leave a patient's care team. Initiate messages regarding the patient to their entire care team or a specific individual.

News

See informational announcements and news broadcasted from your facility.

Complete Control At Each User's Fingertips continued

Status

Adjust your status from 'online' to 'do not disturb' with a quick toggle.

Auto Response

Enable a predefined or custom automatic response to messages received.

Forward Pages

Enable message forwarding to another individual or broadcast group.

My Rules

Enable rules that can be used to provide an auto response and forwarding of messages for a specific timeframe.

Orders and Labs

Enable and set priorities or statuses to receive orders and lab notifications for patients.

Reach*

Connect with patients and their family members via messages or video direct to their personal devices.

Profile

View your personal profile, change your photo or edit your first/last name.

Settings

Customize your alert, call, message, and security settings.

Email Support

Contact Telmediq Support through email.

Request Callback

Contact Telmediq Support through a phone call and request a callback for assistance.

*This is an add-on module that may not apply to your facility.

Messages

The Messages tab is where all messages are accessed.

- Select **Messages** to see a list of your existing messages, or to start a new one.
- Along the left side of the Messages are icons that designate message status.

lcon	Message Status
	Unread
ļ	Urgent Unread
\uparrow	Sent
	Replied

Composing a Message

To start a new conversation:

- 1. Select the **compose** in the middle bottom of the screen.
- To find the person you wish to reach, you can use Search,
 Pinned Contacts, My Favorites, Local Groups, or Recently
 Contacted to quickly find your desired recipient.
- To Search, type the name of the person or broadcast group you wish to reach in the Search bar. Search results update automatically as you type.

Creating a Group of Contacts

- To create a Group, click Directory; then, select the Add symbol.
- Add recipients by searching for each contact individually; marking their name to add them to the group.
- 3. Click Save.
- 4. Name you group.
- 5. When finished, click Ok.

Your new saved group will appear under "Local Groups".

perfect**serve**. Powered by Telmediq

Editing Saved Groups

- Select Directory > Local Groups and select the group you want to edit.
- 2. Select the pencil in the upper-right corner.
- To add a new group contact, search for and select desired recipients.
- To remove a group member, search for and unselect the recipient.
- When finished, press the Save button in the upper-right corner.
- You will then have the option to edit the group name; click
 Ok when done.

Adding a Favorite

Favorites allows you to create a shorter list of your most frequently contacted. To add a favorite:

1. Within **Directory**, search for the contact.

2. Click on the contact to open the contact's details.

3. Click the star icon in the top right corner.

4. To view and contact a Favorite, scroll to the Favorite in the Directory tab.

perfect**serve**. Powered by Telmediq

Schedule Group

On Call gives you access to view who is covering call. You may have one or many schedules to choose from and all changes are applied immediately

- · On-Call Indicates who is covering call
- · Members- A list of all members that cover call.
- View Schedule See a view of the current schedule.
- Favorite Mark the schedule group as a favorite so that it appears in your Favorites of your Directory tab.

Broadcast Group

Broadcast Group is a paging group with a list of members to whom the message(s) can be sent at once. It works like a distribution list in any Enterprise email account

- Message Message all members in the broadcast group
- Call- Call all members in the broadcast group.
- Join Allows you to join the broadcast group
- Members A full list of all contacts currently in the broadcast group.
- Favorite Mark the broadcast group as a favorite so that it appears in your Favorites of your Directory tab.
- · Swipe left on a member's name to call
- Swipe right to message that contact only.

Take a Shift*

*This feature will only appear if the option is turned on for the schedule group.

1. Select a Schedule Group you wish to view.

2. Select View Schedule.

3. Select the date.

Take a Shift continued

4. Click on the slot you wish to take.

 Select take shift. A confirmation will appear at the bottom of your screen when the schedule has been taken.

Dialer

This feature provides a secure method for you to place outbound calls to patients and other providers.

- Keypad Free form keypad to dial any 10-digit number
- Call log A list of all recently dialed numbers
- Settings Adjust your call settings preferences

Telmediq believes in protecting the privacy of the practitioners we serve. Therefore, to activate the caller ID mask functionality, all calls must be routed through the Telmediq exchange. Whether you use the keypad in **Dialer** or choose a contact by name, Telmediq will display your account's assigned dispatch number as the number you are calling. This indicates that the call is routing through the exchange to protect your ID.

Note: All calls placed through the Telmediq mobile app protect your caller ID.

perfect**serve**. Powered by Telmediq

Patients*

*This option is only available to users who are given the proper privileges by their facility admin.

Within **Patients**, you can see patient details, access messages, notes, updates, contact members of the care team, and join or leave a patient's clinical team just by knowing the patient's name.

Viewing Patient Details

- 1. Select Patients.
- 2. Search for the patient to view the patient's clinical team
 - My Patients is the main view and shows patients that have you assigned on their clinical team.
 - Search All Patients to locate a patient that does currently have you as part of their clinical team.
 - · Sort allows you to sort your view by name or location.
- Select the patient from either My Patients or from the search results in Search All Patients.
- 4. In the patient you will see the following information:
 - Patient Information (e.g., MRN, DOB, Sex, and Encounter details)
 - Messages all messages pertaining to this specific patient
 - Care Team all members of the clinical team assigned to the patient

perfect**serve**. Powered by Telmediq

Joining a Patient's Care Team

- 1. Select Patients.
- Search for the patient to view the patient's clinical team using the Search bar or by clicking Search All Patients, then entering the patient's name.
- 3. Swipe left on the patient's name; select Join.
- If you wish to confirm the patient's details prior to joining; select the patient.
- 5. Click the three ellipses and select Join Care Team.

Leaving a Patient's Care Team

- 1. Select Patients.
- 2. Locate the patient in your My Patients.
- 3. Swipe left on the patient's name; select Leave.
- If you wish to confirm the patient's details prior to joining; select the patient.
- 5. Click the three ellipses and select Leave Care Team.

perfect**serve**. Powered by Telmediq

Contacting a Patient's Care Team

- 1. Select Patients.
- 2. Select the patient.
- 3. Click Care Team in the patient's details view.
- 4. To contact just one individual of the Care Team:
 - Swipe left on the individual's name to message.
 - · Swipe right on the individual's name to call.
- 5. To message the entire Care Team; select Message Care

Team.

Associate a Patient with Existing Message

- 1. Select Messages.
- 2. Select the existing message.
- Select the three ellipses in the top right corner; select Associate With Patient.
- 4. Select the patient.
- The patient's information will appear at the top of the message.

Associate a Patient with a New Message

- 1. Select Messages.
- 2. Compose a new message.
- 3. Select a message type that has a patient centric field.
- 4. Select the patient field.
- 5. Select the patient.
- 6. Complete the message; then send.

perfect**serve**. Powered by Telmediq

News & Announcements*

*This feature will only appear if the option is being used by your facility.

The News & Announcements section provides the ability to broadcast information out to specific users, departments or to the entire account. Information shared in these feeds are typically informational and are not critical in nature.

- 1. Select News.
- 2. Select the message to view.
- Select the sub-navigation menu icon in the top right to turn alerts settings of any messages in the News tab.
- Select the blue bell icon to turn to turn alerts on/off for any messages in the News tab.

perfect**se** Powered by Telmedig

Logout

- 1. To logout of the Telmediq application, select Logout from the main menu.
- 2. The Telmediq application will display a warning prior to completing the logout.

3. Select Yes to confirm the logout or No to cancel.

Note: Logging out of the app means that you will no longer receive push notifications or messages to the app until after you log back in.

If you log in with a mobile number, you will need to redo your security questions.

All personal information will remain confidential and secure, neither shared nor sold. View our privacy policy at www.telmedig.com.

Please note that if you logout you will not receive push notifications. You will need to login to access your messages. Are you sure you want to logout?

> NO YES

Telmediq Support Information

Frequently Asked Questions

- 1. Will my organization have a single point of contact within Support?
 - All Telmediq clients are supported by a shared pool of resources within a tiered support desk model. By utilizing internal best practices and a communal knowledgebase, we are able to standardize our support across multiple resources and clients to provide the most efficient service possible for our users.
- 1. What are Telmediq Support hours?
 - Telmediq standard support hours are Monday and Tuesday, 8:00am 8:00pm Eastern Time; and Wednesday to Saturday, 8:00am – 9:00pm Eastern Time. Telmediq also provides a 24/7 emergency support line.
- 3. When should I use the emergency support line?
 - The emergency support line can be utilized when a provider is unable to retrieve messages from the Telmediq system. Examples include locked accounts, unable to log into web console, or unable to access the mobile app.
