Editing My Rules for iOS

Editing My Rules

Rules can be set for various types of events, such as auto responses and forwarding. Incoming messages matching these conditions will be routed according to the action.

1. Expand the main menu and navigate to “**My Rules**”.
2. **Click** on the name of the rule.
3. Enter the name, this is the desired name of the policy.
4. Change the policy as needed.
5. Click **Save**.

Deleting My Rule

1. Expand the main menu and navigate to “**My Rules**”.
2. Swipe the name of the policy to the left.
3. Click **Delete**.
